

Dental Hub — Anatomy

Written Exam — Essay Questions Bank

Joints | Glands | Digestive System | Urinary System | Nervous System

By Omar Walid

Section 1 — Joints

A. Definitions&Comparisons

Q1. Enumerate the types of fibrous joints, and give ONE example for each.

- a)
- b)
- c)

Q2. Compare between Primary and Secondary Cartilaginous joints under the following headings: Example, Duration, Binding tissue, and Movement.

Feature	Primary	Secondary
Example		
Duration		
Binding tissue		
Movement		

Q3. Mention the criteria of a synovial joint.

1.
2.
3.
4.
5.
6.

Q4. Classify the synovial joints, and give ONE example for each type.

Type	Example
Plane (Nonaxial)	
Pivot (Uniaxial)	
Hinge (Uniaxial)	
Condylloid (Biaxial)	
Ellipsoid (Biaxial)	
Saddle (Biaxial)	

Ball and Socket (Polyaxial)	
-----------------------------	--

Q5. Define the Joint, then give ONE example of each of the following types: Fibrous, Cartilaginous, and Synovial joints.

Definition: _____

Type	Example
Fibrous joint	
Cartilaginous joint	
Synovial joint	

Q6. Give ONE example for each of the following synovial joints: a) Hinge joint b) Condylloid joint

a) _____

b) _____

Section 2 — Glands

A. Definitions&Comparisons

Q7. Compare Endocrine and Exocrine glands under the following headings: Type of secretion, Route of secretion, Presence of duct, and give TWO examples of each.

Feature	Endocrine	Exocrine
Type of secretion		
Route of secretion		
Duct		
Examples		

Q8. Why is the Pancreas called a 'mixed gland'? Describe BOTH its endocrine and exocrine functions.

Exocrine function: _____

Endocrine function: _____

Q9. Classify the following glands as Endocrine, Exocrine, or Mixed: a) Thyroid gland b) Liver c) Pancreas d) Parotid salivary gland e) Adrenal (Suprarenal) gland f) Gonads (testes/ovaries)

a) _____

b) _____

c) _____

d) _____

e) _____

f) _____

Q10. Name the THREE pairs of salivary glands. For each, state the cranial nerve that carries its parasympathetic supply.

- 1. _____
- 2. _____
- 3. _____

Section 3 — Digestive System

A. Structure&Comparisons

Q11. List the components of the Digestive System by dividing them into: a) Alimentary canal (in order from mouth to anus) b) Accessory organs

- a) Alimentary canal: _____
- b) Accessory organs: _____

Q12. Compare the Small Intestine and Large Intestine under the following headings: Length, Diameter, Tenia coli, Haustrations, and main Parts.

Feature	Small Intestine	Large Intestine
Length		
Diameter		
Tenia coli		
Haustrations		
Parts		

Q13. Describe the Liver under the following points: a) What type of gland is it? b) Where is it located in the abdomen? c) What does it secrete? d) How many lobes does it have?

- a) _____
- b) _____
- c) _____
- d) _____

Q14. What is the function of the Gallbladder? When does it contract and where does it release its contents?

Q15. Name the anterior relations of the RIGHT kidney and the LEFT kidney separately.

Right Kidney	Left Kidney
1. _____	1. _____
2. _____	2. _____

3.	3.
4.	4.
5.	5.

 Section 4 — Urinary System

A. Structure&Comparisons

Q16. List the four components of the Urinary System in order (from urine formation to excretion).

1. _____
2. _____
3. _____
4. _____

Q17. Describe the Kidneys under the following headings: a) Shape and number b) Location c) Poles (upper and lower) d) Borders e) Surfaces

- a) _____
- b) _____
- c) _____
- d) _____
- e) _____

Q18. Compare the Female Urethra and Male Urethra: a) Length b) Course/Relations

Feature	Female Urethra	Male Urethra
Length		
Course / Relations		

Q19. What is the length of each ureter? What is its function?

Q20. Which organ is related to the UPPER pole of each kidney? What is its significance?

 Section 5 — Nervous System

A. Divisions&Structure

Q21. Divide the Nervous System into its anatomical and functional components. Name all subdivisions.

Anatomical: _____

Functional: _____

Q22. Compare Gray Matter and White Matter in the CNS: a) Composition b) Location in the Brain c) Location in the Spinal Cord

a) Gray matter composition — White matter composition: _____

b) Brain — Gray matter location: _____

c) Spinal cord — Gray matter location: _____

Q23. Describe the Spinal Cord under the following headings: a) Shape b) Location c) Where does it end in adults? d) Number of segments and how they are divided e) What does each segment give?

a) _____

b) _____

c) _____

d) _____

e) _____

Q24. Describe the three horns of the spinal cord gray matter and state the function of each.

Dorsal horn: _____

Ventral horn: _____

Lateral horn: _____

Q25. Explain how a spinal nerve is formed from its roots, and what does it divide into? Mention: the roots, which root the autonomic fibers join, and the two branches of the spinal nerve.

B. Cranial Nerves

Q26. Complete the following table for the 12 Cranial Nerves:

No.	Name	Fiber Type	Key Supply
I			
II			
III			
IV			
V			
VI			
VII			
VIII			
IX			
X			
XI			

XII			
-----	--	--	--

Q27. Which cranial nerves are PURELY SENSORY? Name them and state what each senses.

1. _____
2. _____
3. _____

Q28. Which cranial nerves are PURELY MOTOR? List them with the muscle(s) each supplies.

1. _____
2. _____
3. _____
4. _____

Q29. Describe the Trigeminal Nerve (CN V) in detail: a) Type of fibers b) Its three divisions and fiber types of each c) Which division has motor fibers and what does it supply?

- a) _____
- b) V1 — V2 — V3: _____
- c) _____

Q30. Describe the Facial Nerve (CN VII) in detail: a) What are its fiber types? b) What does its motor component supply? c) What does its sensory component carry and from where? d) What glands does its parasympathetic component supply?

- a) _____
- b) _____
- c) _____
- d) _____

Q31. Which cranial nerves carry PARASYMPATHETIC fibers? Name them and state the target organ/gland for each.

1. _____
2. _____
3. _____
4. _____

Q32. Important distinction: a) Which nerve carries SENSATION from the face? b) Which nerve controls MOVEMENT of the face muscles? c) Which nerve supplies the tongue muscles (motor)? d) Which nerve carries taste from the anterior 2/3 of the tongue?

- a) _____
- b) _____
- c) _____
- d) _____
